Disclaimer

1. Content of the Online Offering

The author assumes no liability for the timeliness, accuracy, completeness, or quality of the information provided.

Claims for liability against the author relating to material or non-material damage caused by the use or non-use of the information provided, or by the use of incorrect or incomplete information, are excluded as a matter of principle, unless there is evidence of wilful intent or gross negligence on the part of the author.

All offers are subject to change and non-binding. The author expressly reserves the right to change, supplement, delete parts of the pages or the entire offering without prior notice, or to suspend or terminate publication temporarily or permanently.

2. References and Links

For direct or indirect references to external websites ("hyperlinks") that lie outside the author's sphere of responsibility, a liability obligation would only come into force if the author had knowledge of the contents and it was technically possible and reasonable for him to prevent the use of illegal content.

The author hereby expressly declares that at the time the links were set, no illegal content was

recognisable on the linked pages. The author has no influence whatsoever on the current and future design, content, or authorship of the linked pages. Therefore, he hereby expressly distances himself from all contents of all linked or referenced pages that were changed after the links were set.

This statement applies to all links and references placed within the author's own internet offering, as well as to external entries in guest books, discussion forums, and mailing lists created by the author. The provider of the page referred to is solely liable for illegal, incorrect, or incomplete content and, in particular, for damages resulting from the use or non-use of such information — not the party who merely refers to the respective publication via links.

3. Copyright and Trademark Law

The author endeavours to observe the copyrights of the graphics, audio documents, video sequences, and texts used in all publications, to use graphics, audio documents, video sequences, and texts created by himself, or to resort to licence-free graphics, audio documents, video sequences, and texts.

All brand names and trademarks mentioned within the website offering and, where applicable, protected by third parties, are subject without limitation to the provisions of the applicable trademark law and the ownership rights of the respective registered owners. The mere mention of a trademark does not imply that it is not protected by third-party rights.

The copyright for published objects created by the author remains solely with the author of the pages. Any duplication or use of such graphics, audio documents, video sequences, and texts in other electronic or printed publications is not permitted without the author's explicit written consent.

4. Data Protection

Please refer to our Privacy Policy.

5. Legal Validity of this Disclaimer

This disclaimer is to be regarded as part of the internet publication from which you were referred to this page.

If sections or individual terms of this statement are not legal or correct, the content or validity of the other parts shall remain unaffected by this fact.
